 Pavi Theva

Life & Career Success Coach, Multiple TEDx Speaker, Mindfulness Teacher

Pavi Theva is passionate about helping individuals unlock their full potential and find deeper fulfillment in life. With a focus on college students, graduates, corporate professionals, and entrepreneurs, she guides individuals in creating fulfilling careers in alignment with their 'Dharma'—the true essence of who they are. Pavi assists her clients in connecting with their career goals, achieving peak performance, up-leveling their mindset in both life and work, building confidence, and ultimately creating lives and careers they can be proud of.

Pavi earned her Masters in Information Systems from the Kelley School of Business at Indiana University. Her extensive experience includes leading business and product strategies for Silicon Valley startups, Big 4 consulting firms, and high-tech companies such as Amazon.

Signature Talks:

3 SECRETS TO INTENTIONALLY CREATING THE CAREER YOU LOVE AND ARE PROUD OF

- The real reason you are feeling unfulfilled, directionless and disconnected from yourself
- What is Dharma and how to align your career with it
- How to start believing in yourself
- What is really holding you back in life
- Why even if you achieved all you set out to in your work, you can still go to bed feeling unsatisfied
- How to improve your energy and productivity to get more done in less time and actually live a nourishing life

HOW TO FIND YOUR TRUE MISSION IN LIFE TO AMPLIFY YOUR INCOME AND IMPACT

- What is a mission and how to discover yours?
- Why is having a mission important?
- How to amplify your income and impact through your mission?
- How does pursuing your mission impact your overall health and well-being?

Interview Questions:

- Why is knowing your purpose important to feel fulfilled in your career?
- What is Dharma? How is it different from passion?
- You talk about managing energy and not time, can you share more with us?
- What mindset does one need to develop to achieve success?
- How to eliminate fears or limiting beliefs to move forward in life and achieve success?
- What would you say is one big thing most people ignore that has a huge impact on their success?
- How did you build a soul aligned business?
